

Committee at its meeting in February established ranges for growth of M2 and M3 of 1 to 5 percent and 2 to 6 percent respectively, measured from the fourth quarter of 1996 to the fourth quarter of 1997. The monitoring range for growth of total domestic nonfinancial debt was set at 3 to 7 percent for the year. The behavior of the monetary aggregates will continue to be evaluated in the light of progress toward price level stability, movements in their velocities, and developments in the economy and financial markets.

In the implementation of policy for the immediate future, the Committee seeks to increase slightly the existing degree of pressure on reserve positions. In the context of the Committee's long-run objectives for price stability and sustainable economic growth, and giving careful consideration to economic, financial, and monetary developments, slightly greater reserve restraint or slightly lesser reserve restraint might be acceptable in the intermeeting period. The contemplated reserve conditions are expected to be consistent with some moderation in the expansion of M2 and M3 over coming months.

By order of the Federal Open Market Committee, May 30, 1997.

Donald L. Kohn,

Secretary, Federal Open Market Committee.

Public comment is invited. Such comments or views will be considered by the Commission and will be available for inspection and copying at its principal office in accordance with Section 4.9(b)(6)(ii) of the Commission's Rules of Practice (16 CFR 4.9(b)(6)(ii)).

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an agreement containing a proposed Consent Order from CVS Corporation and Revco D.S. Inc. (collectively, "the respondents") under which the respondents would be required to divest a total of 114 Revco retail drug stores in the state of Virginia to Eckerd Corporation, a subsidiary of J.C. Penney Company, or to another Commission-approved purchaser, and certain pharmacy assets related to six Revco retail drug stores in the Binghamton, New York metropolitan area to Medicine Shoppe, a subsidiary of Cardinal Health, or another Commission-approved purchaser. The agreement is designed to remedy the anticompetitive effects resulting from CVS's proposed acquisition of Revco.

The proposed Consent Order has been placed on the public record for sixty days for reception of comments by interested persons. Public comment is invited regarding all aspects of the agreement including the proposed divestitures to Eckerd Corporation and Medicine Shoppe. Comments received during this period will become part of the public record. After sixty days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed Order.

The proposed complaint alleges that the proposed acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended, 15 U.S.C. § 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. § 45, in the market for the retail sale of pharmacy services to third-party payors in the State of Virginia and the Binghamton, New York, metropolitan area.

The retail sale of pharmacy services to third-party payors refers to prescription drugs sold by retail outlets such as drug store chains, independent drug stores, food stores and mass merchandise stores to third-party payors, which include insurance carriers, health maintenance organizations, preferred provider
